EDUCATION

THE UNIVERSITY OF CHICAGO

Bachelor of Arts in Mathematics, Bachelor of Arts in Linguistics

Chicago, IL

June 2024

Relevant Coursework (*Graduate Coursework marked with a **): Agentic Language Models*, Human-Centered Machine Learning*, Abstract Linear Algebra, Discrete Mathematics, Computational Linguistics*, Set Theory*, Algebra

SKILLS

Technical: Proficient in Python, C, Microsoft Office; Experienced in JavaScript, CoreNLP, LangChain

Language: Fluent in French, Proficient in Swahili

WORK EXPERIENCE

Institut Jean Nicod, École Normale Supérieure

Paris, France

Research Assistant

March 2024 – July 2024

- Explored the verb 'forget', addressing gaps between its typical definition and natural language usage. Developed new frameworks to capture its nuanced semantics and pragmatics using theoretical and data-driven methods

Chicago Human+AI Lab (CHAI), University of Chicago

Chicago, IL

Research Assistant

June 2023 – September 2023

- Designed and helped implement a project aiming to leverage large language model agents to create a platform where experimental democratic processes could be tested and bolstered. Implemented new methods of consensus and governance (such as sortition and citizen's assemblies) using large language models
- Fine-tuned and red teamed the model to reduce bias and hallucination in the model

VOLUNTEERING

Moneythink

Chicago, IL

Teacher/Mentor

September 2020 – June 2024

- Served as a near-peer role model, college mentor, and financial coach to low-income teens in high school classrooms within the Chicago area

TeCanal

Baltimore, MD

Head Coordinator/Head Instructor

August 2016 – September 2020

- Taught coding to 100+ students at Tench Tilghman Elementary School, Immigration Outreach Service Center, John Ruhrah Elementary School, and the Mattie B. Uzzle Outreach Center
- Managed all administrative responsibilities on-site, opened two new outreach locations

LEADERSHIP AND ACTIVITIES

The Blue Chips

Chicago, IL

Analyst

September 2020 – June 2024

- The Blue Chips is the University of Chicago's premier investment club. Part of a group of undergraduate students who actively manage a \$150,000 fundamental value-focused equity portfolio
- Researched and created models about firms and pitched companies using a value-focused framework of analysis

International Economics Olympiad Gold Medal

Moscow, Russia

U.S. Team Member

July 2019

- Competed in the IEO, where I won a gold medal competing against 131 students from all over the world. We were evaluated by a group of professors on our economic understanding and the Russian minister of transport on our proposed plans for the implementation of a high-speed rail system

INTERESTS
